Palm Beach Community College Glades planning special reunion

Palm Beach Community College, Florida's first, is celebrating its 60th anniversary this year, and the Glades Campus is celebrating its 22nd year.

The local celebration, titled "Reflections...Aspirations", will be May 7.

Dr. Helen B. Franke, provost of the Glades Campus since 1991, has assembled a planning committee comprised of PBCC students and alumni.

"Planning is under way to put together one of the most exciting events ever held at the college. The task before us now is to locate former students, employees and adjuncts, to add to our invitation list. Many of our former associates have changed their names or addresses. We want them to know that our celebration is for them, too. They're the 'Reflections' part of our theme."

Dr. Franke encourages anyone formerly associated with PBCC-Glades to contact Teresa Mock at 407-392-6152 or by mail at 1977 College Drive, Belle Glade, Florida, 33430, and an invitation will be promptly mailed.

Also, the reunion committee

is looking for photos taken of the campus life to be used in a photo display.

The 22nd anniversary gala is planned for Saturday, May 7, in conjunction with the performance of "Hello, Dolly!" at the Dolly Hand Cultural Arts Center. The festivities, which will include live entertainment and a bounteous assortment of hors d'oeuvres, will begin at 5 p.m. at the college, followed by the special "Reflections...Aspirations" program from 6:15 to 7:30 p.m. at the Dolly Hand Cultural Arts Center and a dessert reception follows the performance.

The first classes at the Palm Beach Junior College-Glades Campus were held in 1972 in the National Guard Armory Building. Dr. Cecil Conley was the first Provost.

"We started with two people, a desk, and two chairs," says Dr. Conley. "The present campus building was completed in time for the winter 1978 term, and the Dolly Hand Cultural Arts Center opened in 1982. The school's name was officially changed to Palm Beach Community College in 1988.

Incredibly, the student body now numbers some 3,500. Watching this campus steadily expand and grow has been an enriching experience for me."

"I am proud and honored to be a part of this PBCC-Glades campus," says Dr. Franke. "We have so much to offer our students, from dedicated, certified instructors to our technologically advanced computer lab, which is actually an electronic center for personalized instruction. Our class sizes are geared toward an intensified learning process and individualized attention. Our location in the Glades makes us accessible to residents in Palm Beach, Hendry, Glades and Oke-

chobee counties, eliminating the need to travel great distances to go to school. Additionally, graduates of PBCC are guaranteed junior year status when they enter the state university system. Some, however, are non-degree seeking students who take classes for personal enrichment or professional advancement. We also offer dual-enrollment to qualified juniors and seniors of nearby high schools. In effect, we maintain that hometown attitude while preparing our students for university life. In any event, the Glades Campus has an open-door policy and aspires to meet the needs of all."

OPINION PAGE

Feel strongly about local issues?

INVITES YOU TO
SPEAK OUT!
996-6636

To voice your opinion on any subject, call **Speak Out** at 996-6636, 24 hours a day. Readers can use this special number to pose questions, voice complaints, express opinions or put somebody on the back. Unlike letters to the editor, **Speak Out** is designed for anonymous expression of opinions. We edit calls for clarity, brevity, relevance and fairness.

What's the deal?

'What's the status of State Road 880, east of Sam Senter Road? The other day a highway patrolman let all trucks through but refused cars.

After back-tracking to Hatton Highway I eventually caught up to a truck that had been immediately in front of me at the stop point.

That truck, and driver, had obviously made no stops, but sailed right through. What gives? Editor's note: We spoke with Dennis McCarthy, chairman of the Canal Hazard Safety Committee. He said that road is open for local traffic only until the road is finished. The contract is behind schedule, but hopefully will be finished soon.

Out of their jurisdiction?

I'm curious why the South Bay Police Department was out on State Road 715 in Belle Glade giving out tickets.

Editor's note: South Bay Police Chief Roy Humston said this is not an unusual occurrence and there are several reasons why this could happen. The most frequent reason is that a car can be caught speeding within South Bay's city limits and the driver will not notice the officer with their lights flashing until they are down the road (sometimes quite a distance). This **Speak Out** was edited while hopefully retaining the caller's message. Thank you for Speaking Out.

Likes Speak Out

I noticed where your newspaper was criticized for your **Speak Out** column. I like **Speak Out**. It is the first thing I read every week in *The Sun*.

I think it's a great service and allows people to express their opinion just as they do to their friends and neighbors. It also provides good information.

I notice that when someone asks a question, you always try to get the answer or find the solution. How many other newspapers can

make that claim?

In the *Palm Beach Post* when someone writes a letter to the editor they can ask questions or ask for an explanation and they aren't even granted the courtesy of a response most of the time.

I hope you don't discontinue **Speak Out** just because some people don't like it.

CUMC Day Care to close

'Many are saddened to learn that the Community United Methodist pre-school is to close at the end of this summer.

For years and years the pre-school has offered a valuable, caring service to our community. My daughter happily attended that school over 14 years ago. Now, HRS requirements for facilities and the continuing education and training for workers has increased to a degree that providing the pre-school is impractical. The bureaucracy and HRS win a sour victory. Our area loses an excellent support system.

Meanwhile, heartfelt thanks to several kind and generous ladies who have loved, nurtured and our young children.

Pull over

The other day I was going down the street when an ambulance came up behind me on Avenue E with its lights and sirens going. I immediately pulled over to the side of the road to let them pass. I noticed the cars in front of me, instead of pulling over, drove faster!

What is wrong with some people? Don't you know that you are required by law to get off the road when an ambulance comes up behind you with its lights and sirens going? If that were your loved one they were going to rescue, you would move your backside a little faster and get out of their way. I can't understand the ignorance or stupidity of some people. Maybe we need to stress this rule to people again before they renew their driver's license.

People, when an ambulance is behind you and its an emergency, get off the road!

Letters to the editor

Dear editor:

I am writing to commend Chief Michael Miller for the outstanding job he is doing as the police chief of our fair city.

Those who criticize his tactics (particularly the recent traffic violators), obviously are mistaken about Mike Miller simply because they may not know him as a person.

At one point I didn't know him either and felt differently about his intentions and approach. However, as I worked with him to solve some community problems in my capacity as the president of the Glades Area Branch of the NAACP, I learned that we have a commonality in our approach to Belle Glade as a whole.

Not only did Mike Miller show that he cares about all of the people of Belle Glade, but he is particularly commended by my organization for the following accomplishments: He has addressed issues regarding police brutality and the use of racial slurs by police officers by providing cultural sensitivity workshops to his officers; he has worked to enforce the open contain-

er law and is currently working to make our public parks safer for our kids; he has maintained and adhered to an open door policy to discuss any problems, with anyone concerning public safety in the City of Belle Glade; and he continues to support youth and cultural programs geared towards a preventative and awareness approach for our youth.

Although we would like to see additional minorities on the police force, he has assured me that he will actively seek community input to ensure that minorities are adequately represented. It is therefore imperative for his critics to realize that his heart is in the right place.

It is also crucial to understand that he is only a small fraction of a larger bureaucracy whose actions are sometimes dictated by other individuals whose hearts may not be as big as his.

Chief Miller, keep up the good work.

Thank you.

Lawrence S. Konchellah
President NAACP Glades Area Branch

Ask Dr. Boltson

Dr. David Boltson is the associate director of the Western Palm Beach County Mental Health Clinic in Belle Glade, and is a licensed psychologist in private practice in Lake Worth.

physical health. As a person continues to drink, most often all areas of his or her life will eventually become adversely impacted. I am concerned because your husband sounds like he is using alcohol as a substitute for more effectively dealing with life's stresses.

You have tried to let your husband know he is harming your children and yourself but he does not listen to you.

Unfortunately, this denial of negative consequences is one of the major characteristics of those who have a drinking problem. Your husband cannot begin to help himself until he acknowledges a problem exists.

This drinking is not a problem that will go away by itself. You can try by telling your husband that you have a problem that you would like help with - that you are not happy with your current family situation and you would like for him to come with you and the kids to a counselor.

If he will not go with you, then you need some strength and support yourself: try to find a local Alanon Meeting (support for family members of alcoholics) by calling Alcoholics Anonymous (AA) in your local phonebook and asking for a list

of Alanon meetings. Ultimately of course, your husband needs to abstain from drinking. Challenge him to attend AA meetings.

Tell him if his drinking is no problem, then he should have no problem listening to others speak at an AA meeting. Unfortunately, alcoholism is a very comprehensive emotional, spiritual, and physical disorder that will not lend itself to quick or easy solutions.

Your husband needs to be given some incentive to begin to consider that he might have a problem. If he does not do this by himself, then you need to present some tougher responses that you will make if he does not abstain and/or seek treatment. If you love him - you need to let him know that it is not acceptable or tolerable for him to continue with his drinking.

If you would like to anonymously inquire about issues regarding yourself or your acquaintances, you may do so by writing to Dr. Boltson at:

GFC offers bowhunting course

Have you ever wondered how the hunter fits in to modern day conservation efforts? Are you concerned about how to handle a bow and arrow? These are just a few of the instructional areas covered in the Game and Fresh Water Fish Commission's Bow Hunting Course. Students will also receive "hands-on" experience shooting a bow and arrow on the range. Students are encouraged to bring their own bow hunting equipment.

This course will satisfy the requirement for some other states that require a special bowhunting course before issuing licenses.

The next course in Palm Beach County is being offered at Gold Coast Archery, on Belvedere Rd. between Drexell and the Turnpike. It will meet on Saturday, April 30, from 9 a.m. until 5 p.m.

The rubber chicken joke...Mayor Steve Weeks shakes hands with the clown in Saturday's Black Gold Jubilee parade after the clown tries to give him a rubber chicken.

Waiting for the start of the three-legged race.

Back by popular demand...Dennis Lee was the headline entertainer at the Jubilee for a good reason...he's a real crowd pleaser.

Handle with care...Jennifer Lupu is shown getting ready to participate in Saturday's balloon toss.

It rained on our parade...but that didn't stop the crowds from enjoying the many local floats and marching units.

Hands behind your back and dig in...The pudding eating contest was messy but fun all ages.

For the past 16 years, Glades residents have celebrated the end of harvest season with the festival known as the Black Gold Jubilee.

The "Black Gold" is the rich muck soil that helps make crops grow abundantly in the Glades.

If you failed to be at the Jubilee, you can see what you missed by viewing the photos on this page.

Sunphotos by Tammy Jackson and Brenda Bunting

Go for it!...Volleyball was fun for the participants as well as the spectators at the Jubilee.

Dig it!...The hay was flying during the hay scramble Saturday at the Jubilee. The children dug fast and furiously to find money hidden in the straw.

A performance to be proud of...The Christian Day School Crusader Choir performed under the entertainment tent on Saturday.

Ronald McDonald does hard time...Ronald passed out coupons for free french fries to help bail his way out of the Glades ARC Jail N Bail on Saturday.

The Best Overall Float trophy went to A Duda for their display of fresh vegetables grown in the rich muck soil of the Glades.

Beep! Beep! Watch out for clowns on bicycles riding in local parades.

Look for the sign of leadership.

Ask Your Cashier to "Even-Up" Your Total to the Next Dollar to Support the American Cancer Society/Winn-Dixie Hope Lodge.

When you say "Even It Up" at the checkout, you are actually requesting that the small change from your grocery purchase help support the American Cancer Society/Winn-Dixie Hope Lodge. Have your cashier round off the total grocery order to the next dollar. All donations are given to the American Cancer Society, Winn-Dixie Hope Lodge.

The Winn-Dixie Hope Lodge is a home away from home for cancer patients and their families who must travel to South Florida for treatment.

The Winn-Dixie Hope Lodge is free of charge to all patients, but needs your help to continue providing a caring, supportive environment for cancer patients.
